- 8k Race in Riyadh*
- Welcome to GIS*

First Trimester Exams

First Trimester Exams have started. High school students began final trimester exams on October 31st. All exam and revision schedules were posted in TEAMS last week. Please note the dismissal times.

Parents/Teacher Meetings Grade 8-12

Parents/Teacher meetings were held on Saturday, October 23rd for parents of students in grades 8-12. Parents were invited to pick up their child's report card and to meet their child's teachers.

CAMBRIDGE SCHOOLS COMMUNITY SHARQIYA

On the 17th of October, GIS hosted the first face-to-face meeting for the Cambridge Schools Community Sharqiya. The Community chairman, Mr. Arif, greeted all visitors.

Mr. Arif announced the community's mission and vision, and leaders provided ideas and collaborated to bring the community's vision to fruition. CSCS was overwhelmed with the school leaders' ideas and best practices. As a result, the community will build its library of materials and host a symposium for instructors to learn about and improve their teaching techniques.

Cambridge Schools Community Sharqiya will hold a second meeting on 18th November from 2:30 pm to 4:30 pm. The venue for the next meeting will be announced soon.

8K RACE IN RIYADH AND WON

To coincide with health week, GIS's Mrs. Naomi, High School Academic Director, entered an 8K race in Riyadh. Mrs. Naomi came in first for women's division. If any students have any achievements which they wish to share with the school for the newsletter, please get in touch. We would love to hear about what you do and to celebrate your accomplishment with our school community.

Welcome to GIS

In October, our School Counselor, Mrs. Rasha, met with all of our new students in grades 8-12 to welcome them and ask how they are adapting to a new school and to being back at school.

At the same time, one of our new students in grade 8, Mariam Ahmed, met with the School Director to express her excitement to have joined GIS. The Director was happy to hear from her. In response, she asked Mariam to interview other new students. Their comments are shared here.

Tala- 10B

G. I.S.s building is very big and spacious. The teachers are very helpful and kind. I'm very happy here. All my friends are extremely sweet and friendly.

Retal - 9A

The building is very clean, and the teachers teach well. I am so happy in this school. I would love if there were lockers in the classrooms.

Nourah - 8A

The school is organized. Teachers care about students, I am very comfortable around my classmates. Although the uniform is not very comfortable, overall I love the school.

Mariam - 8A

Everything in this school is just perfect. The teachers are very experienced and sweet. I am extremely happy about transferring to this school. I also love my classmates.

Jacqueline - 10A

I love my classmates and my teachers very much. The school is very tidy and organized, I wish we could get to wear our PE uniforms every day.

Adin - 12A

The environment in G.I.S. is very healthy. Teachers are nice, sweet and they explain well. It's a nice school. I feel very comfortable here.

Thank you Mariam for your report.
